

Pymble Ladies' College is an internationally respected school for girls on Sydney's North Shore with exceptional teaching staff who enable students to achieve excellent academic results. An independent, non-selective school, Pymble welcomes all day girls from Kindergarten and boarders from Year 7 through to Year 12.

Pymble Ladies' College

English Proficiency Criteria for Students with English as a Second Language

Students entering Pymble Ladies' College are expected to have a high level of English proficiency to access the curriculum and to make the most of the opportunities on offer. The College must establish a student's proficiency before confirming their enrolment.

Students applying to *Pymble* for entry into Years 4 to 11, whose first language is not English and who have not been studying in an English-speaking school for at least four years, are required to support their application with a certificate of their English fluency. This is regardless of citizenship or residency in Australia.

This certificate from the **Australian Education Assessment Service (AEAS)** must accompany a student's Application for Enrolment form. If a student is enrolled several years ahead of commencement, the certificate meeting the English proficiency criteria must be received by the College the year prior to the intended year of commencement before an interview can be arranged and a confirmed place offered.

The minimum level required of the AEAS English Assessment is a Stanine 7 out of 9 in each area, which includes; Reading Comprehension, Vocabulary, Written Essay, Listening and Speaking. The minimum level increases to a Stanine 8 out of 9 in each area for entry to Year 11.

Please see a sample AEAS report overleaf.

If an Application for Enrolment form is received without an AEAS certificate, the application will be processed and the application fee charged. The student will be placed on a waitlist pending this documentation. There is no guarantee a place will be available for a student on the waitlist at the time of receipt of the certificate.

To book and sit the AEAS test in Sydney or at an overseas location, please visit the AEAS website www.aeas.com.au.

Students who are applying to *Pymble* for entry into Kindergarten to Year 3, whose first language is not English, must show evidence of English proficiency through school reports. An English assessment may be included at the time of interview before a confirmed place is offered.

For more information about enrolments at *Pymble*, please contact Mrs Rebecca Pearce, Enrolments Manager 7-12 or Mrs Clair Stock, Enrolments Manager K-6 via email enrol@pymblelc.nsw.edu.au or telephone +61 2 9855 7799.

5. SPECIAL HEALTH CONSIDERATIONS None stated

E. SUMMARY & RECOMMENDATIONS

Chris's results on the non-verbal and mathematical reasoning tests indicate above average abilities in both areas. Overall English language skills were in the average range and require improvement, as stated above.

A copy his Year 9 (2015-2016) transcript was provided. Scores show an overall academic performance in the above average range in all subjects.

During interview Chris presented as a confident young man. He spoke in complete sentence structures and used some sophisticated vocabulary. Chris was able to connect and expand on his ideas. There was occasional hesitation, but his speech was reasonably fluent. Chris's speech was generally easy to follow with clear pronunciation and good use of stress and intonation.

Overall, Chris presents as a suitable student for entry into Year 10 in 2017 following satisfactory completion of the recommended English language program.
